

The Pain and Sleep Therapy Center is a growing practice in Newark, DE that specializes in conservatively treating TMJ dysfunction and obstructive sleep apnea through non-invasive treatment therapies. The core focus at the Pain and Sleep Therapy Center is to provide hope & improve quality of life by finding the source of our patient's problems. We embody integrity and authenticity allowing us to build relationships with transparent communication. We are passionate about our purpose and are committed to lifelong learning and greatness. If you feel empowered by seeing patients regain their life back, you may be a great fit.

Given our significant growth, we are seeking a full time assistant with the follow attributes:

- compassionate and team oriented
- strong work ethic and dedication
- strong communication skills
- ability to multi-task
- ability to provide outstanding professional customer service
- the drive to be a part of a team on the cutting edge of the industry

Essential duties for this position include but are not limited to:

- patient education throughout each appointment
- comprehensive examinations and data collection
- detailed and accurate chart noting
- ability to be trained in using state of the art technology
- working together with the team and our 3 providers to ensure all needs of the patients are met

Dr. Ryan Robinson and his experienced staff will provide on-the-job training to ensure your success. Previous Dental and/or Medical Assisting experience is not required, although it can expedite the training process. A current radiology certification is a plus.

Employees benefit from continuing education opportunities in their respected area of expertise, team building retreats, benefits package, bonus structure, plus a respectful and empowering work environment.
