Lauren Reinholt, RDH, OMT

*Licensed Buteyko Breathing Practitioner
Orofacial Myofunctional Therapist*

Daniel Drew, MS, CCC-SLP, OMT

*Speech-Language Pathologist
Orofacial Myofunctional Therapist*

Welcome to the Center for Airway and Facial Development (the pediatric practice of our airway- focused family)! We are so excited to be a part of your child's journey towards optimizing their growth, development and overall wellness. Working as a team, we are here to understand your concerns and provide you and your child care that is comprehensive, conservative, and compassionate. Your family deserves the best and it is our mission to provide world class care in a collaborative setting.

To best serve our patients, our team has specialty training in:

- Infant & pediatric laser frenectomy
- Pediatric myofunctional therapy
- Pediatric craniofacial and airway growth and development
- A.L.F. growth appliance provider

Our goal is to hear and understand your concerns and offer interventions that can change the course of your child's life for the better. No one treatment is the same and we will take the time to uncover the root cause of your concerns to create a foundation for lifelong health and happiness. Thank you again for taking the first step towards a healthier tomorrow!

We look forward to meeting you and your child soon!

Sincerely,

Alicia
